

# Scatola portafotografie

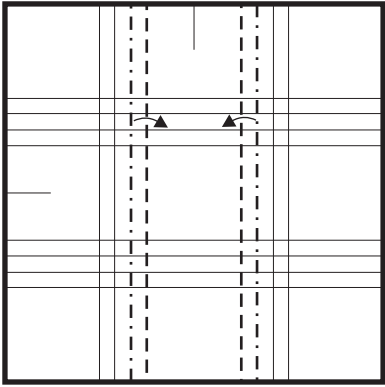

di P. D'Auria

<http://digilander.libero.it/origamidauria>  
Usare due quadrati della stessa dimensione,  
con il lato tre volte maggiore di quello  
della foto, usare preferibilmente carta elefante.

## Contenitore

Dare un po' di respiro in modo da rendere il quadrato centrale leggermente più piccolo di un terzo del lato del quadrato
