usare preferibilmente un foglio monocolore

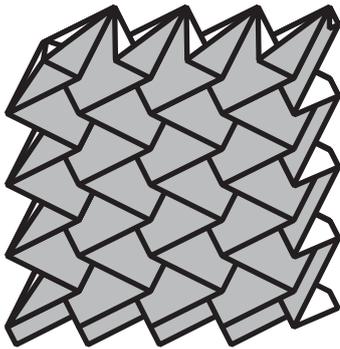

8

9 queste pieghe fanno collassare il modello

10 per un mare con più onde invece di prepiegare il foglio in 16esimi si può piegare in 24esimi, 32esimi, 48esimi, 64esimi ecc.

Ti vuoi arruolare in marina,
ma sai nuotare?

perché, sono finite le navi?

questo modello è adatto per ogni ambientazione marina
