

Salto in alto di P. D'Auria

<http://www.origamidauria.it>

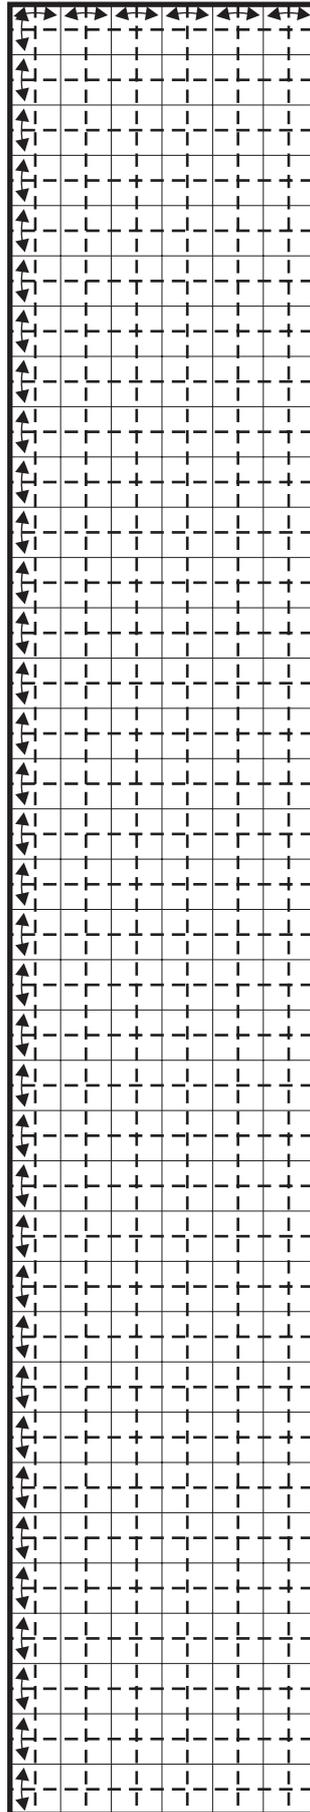

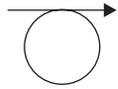

iniziare con un rettangolo 1X6
usare carta metallizzata

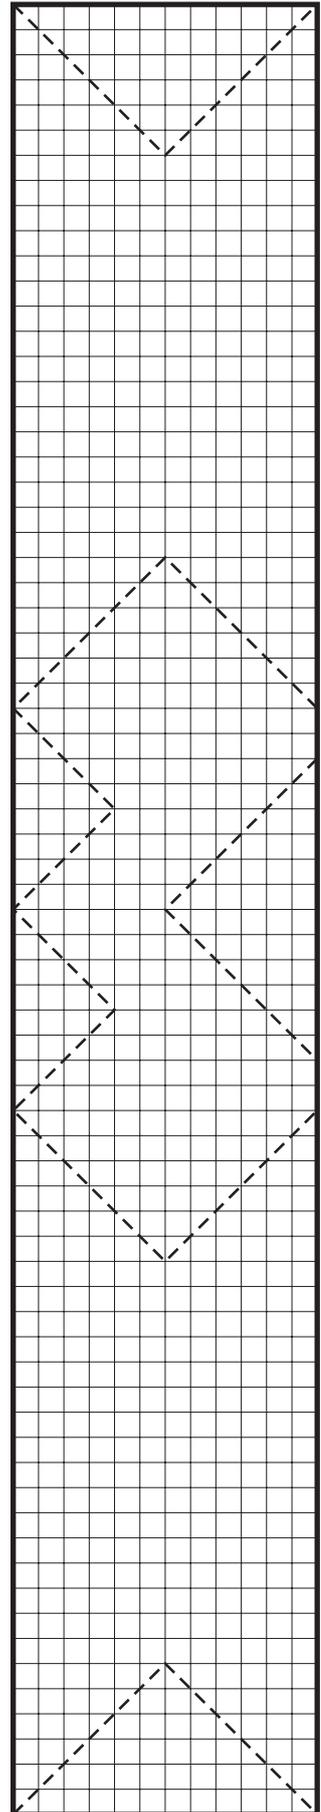

5

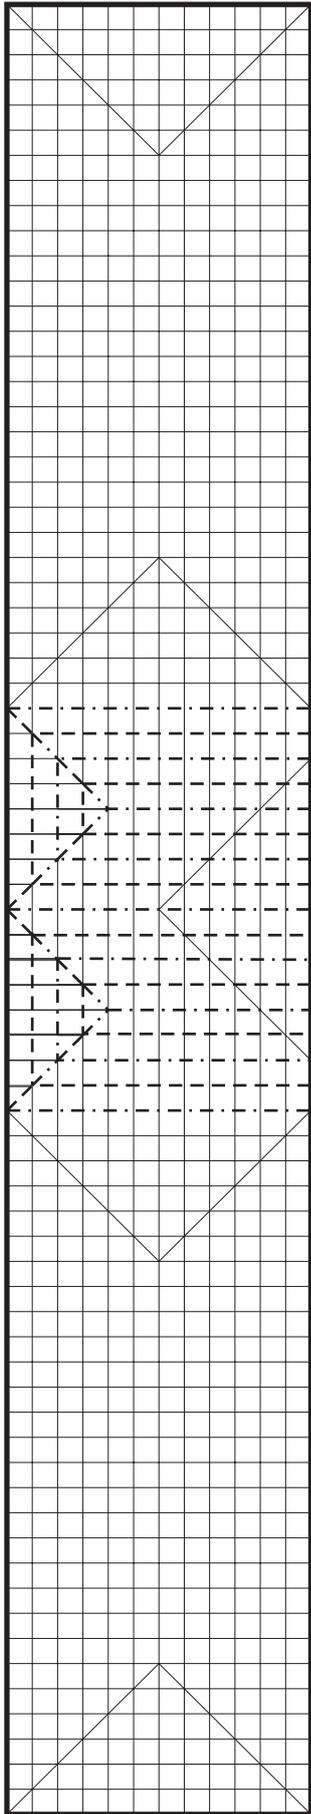

6 abbiamo diviso il foglio in 12x72

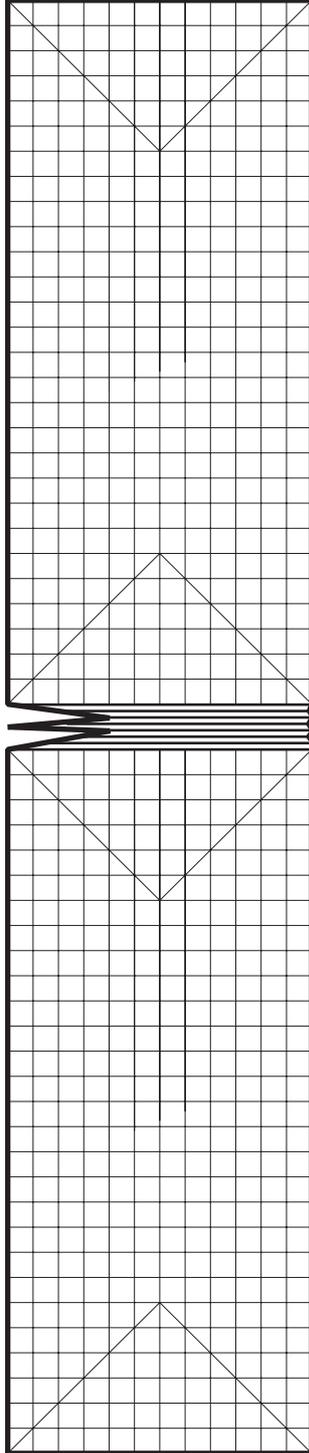

7

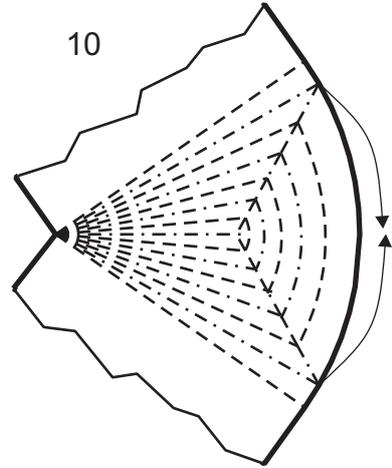

8

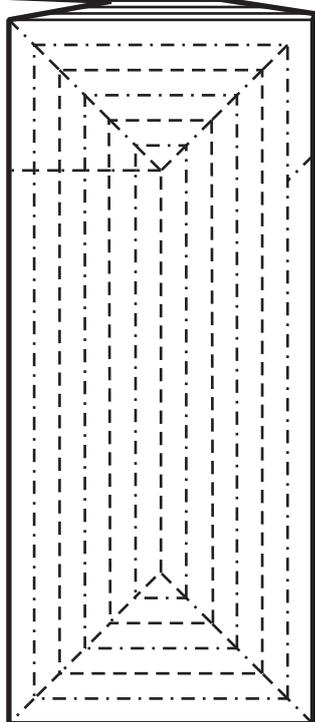

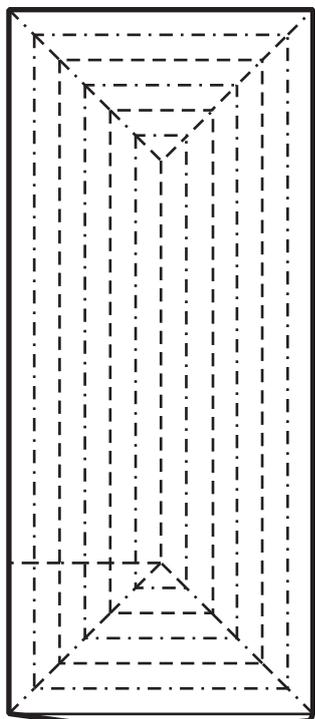

9 aprire quanto basta
per dividere le due gambe

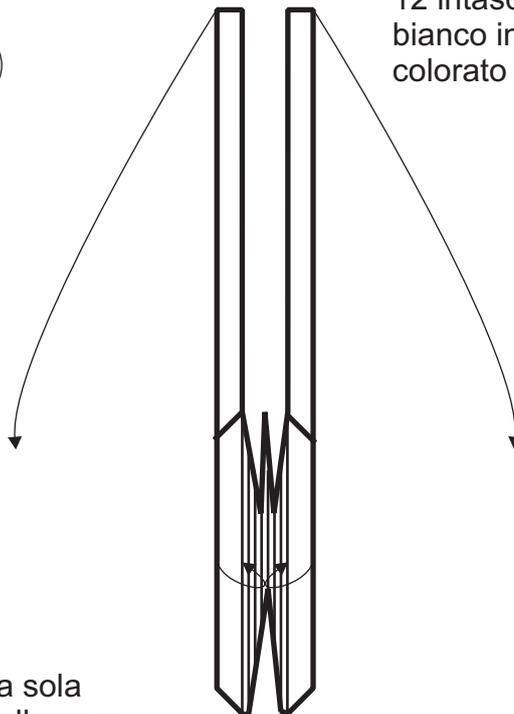

10

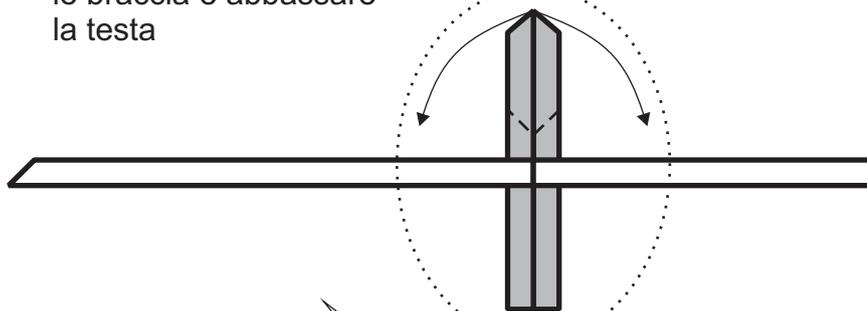

11 le pieghe sono invertite per cambiare il colore dell'asta e dei pilastrini

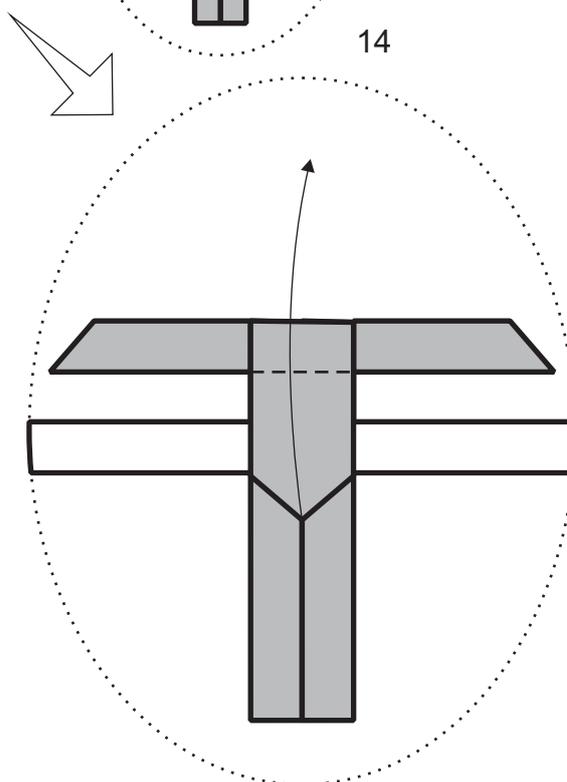

12 intascare lo strato bianco in quello colorato

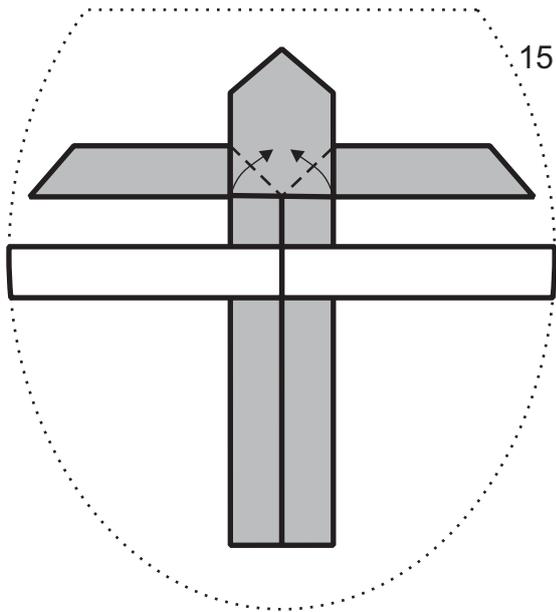

13 con una sola manovra, allargare le braccia e abbassare la testa

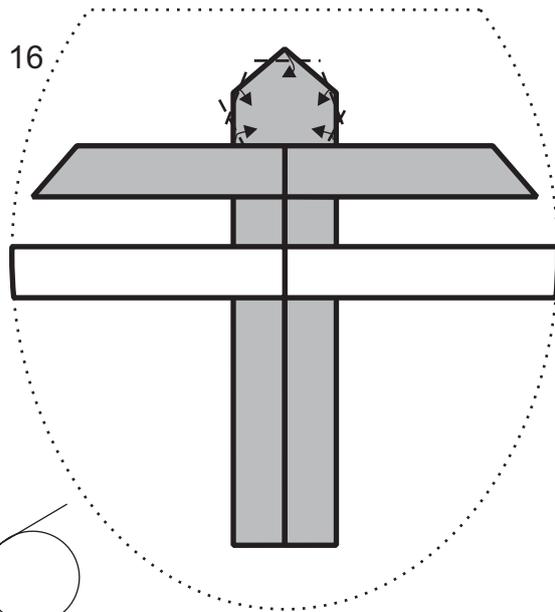

14

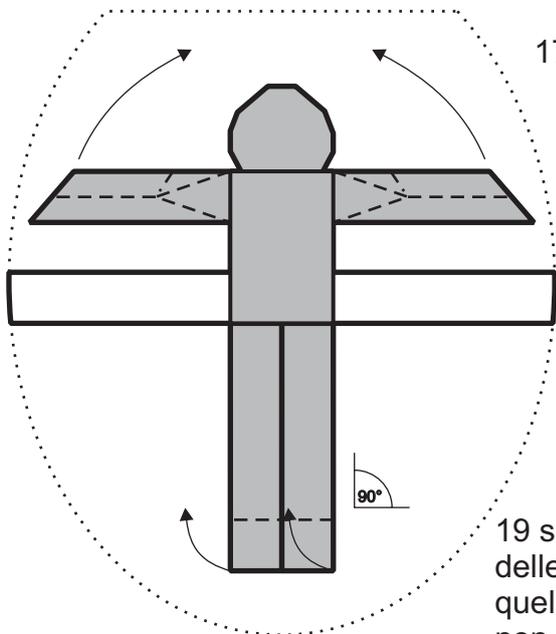

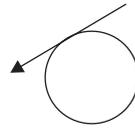

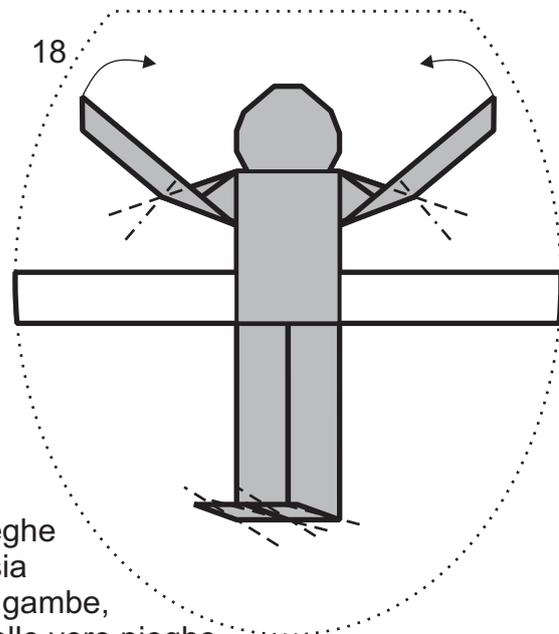

15

16

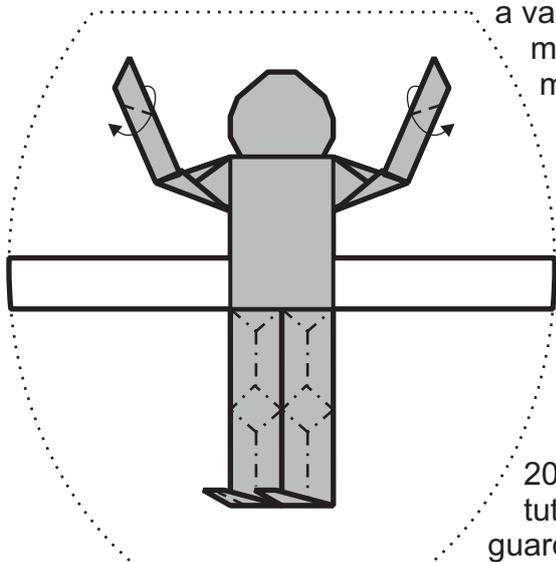

17

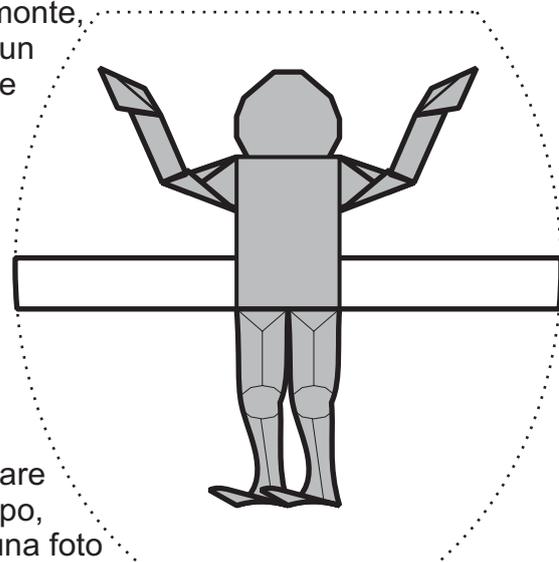

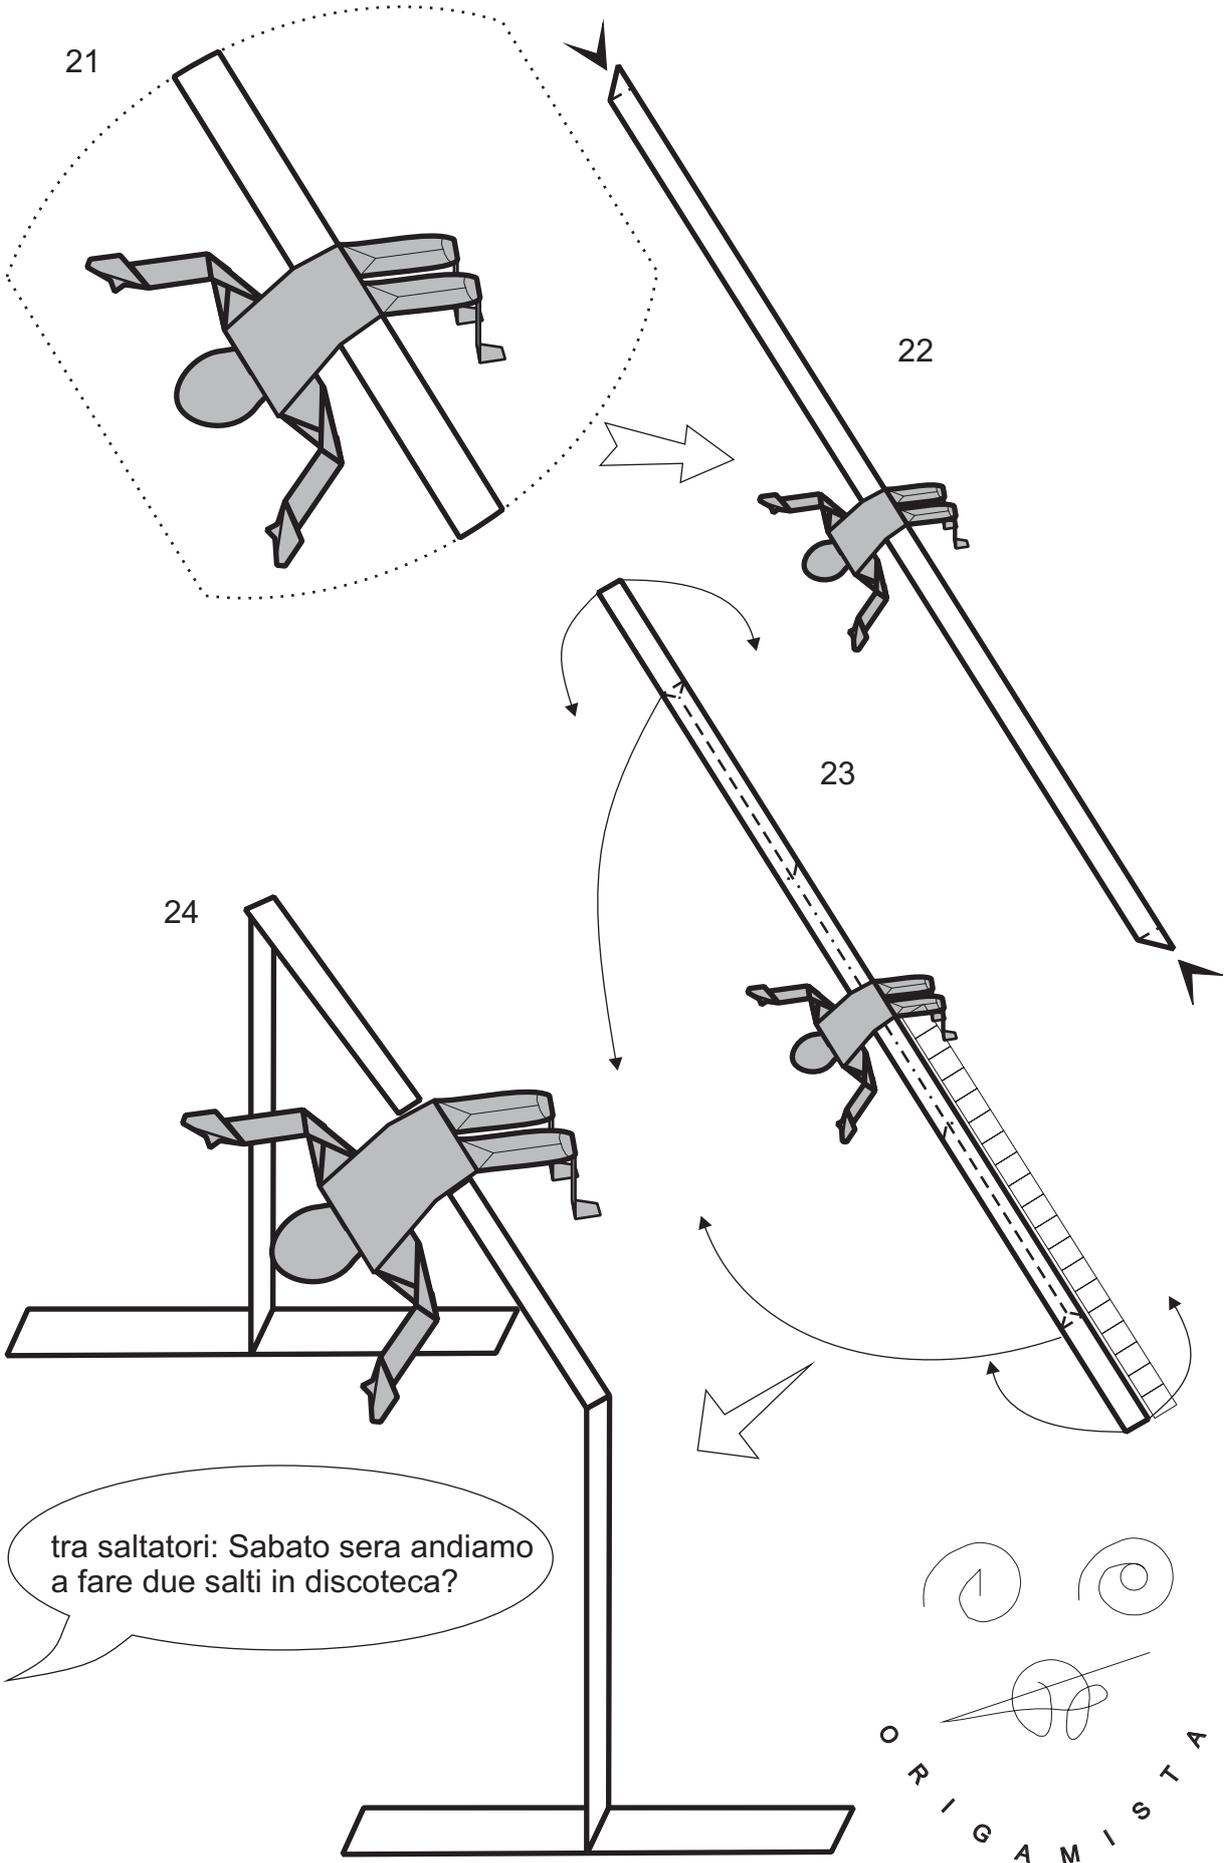

18

19 sia le pieghe delle mani sia quelle delle gambe, non sono delle vere pieghe a valle o a monte, ma sono un modellare la carta

20 modellare tutto il corpo, guardando una foto

tra saltatori: Sabato sera andiamo a fare due salti in discoteca?
