PASQUALE D'AURIA

Scarigami ^{2.0}

IMPIEGANDO L'EURO

origamidauria.it

Dopo il successo di *SCARIGAMI 1.0* ecco il *DUE PUNTO ZERO*.

Anche questo libro è completamente gratuito ed è stato creato appositamente per il web: «SCARIGAMI 2.0 (impiegando l'euro).

Se volete stamparlo, tenete presente che le prime due e le ultime due pagine sono le copertine.

I modelli presentati sono quattordici, tutti da riprodurre con le banconote.

Sei sono dei riadattamenti di miei modelli creati nel 1997 usando banconote da *mille lire* e otto sono stati creati espressamente per questo libro.

Per chi non volesse usare carta moneta, ci sono sia le misure precise del rettangolo da usare e sia dei disegni, che ho creato io, per poter stampare fronte retro dei fac simile degli euro.

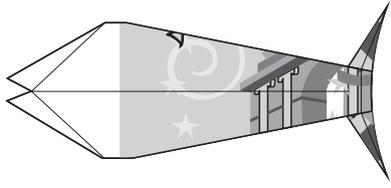

Nell'indice, oltre al numero della pagina, troverete anche il grado di difficoltà (d) e di complessità (c); che va da 1 a 5 (bassa, bassa intermedia, intermedia, alta intermedia e alta); del modello.

Ringrazio, come sempre di cuore, i due grafici, Alessandro De Sio e Bruna Pallante, dello studio Motive, per l'aiuto datomi nella realizzazione grafica del libro.

Spero che questo avrà lo stesso successo del primo, in modo da creare le condizioni per SCARIGAMI 3.0.

Buone pieghe.

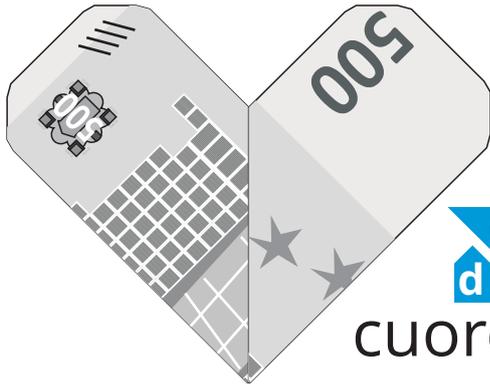

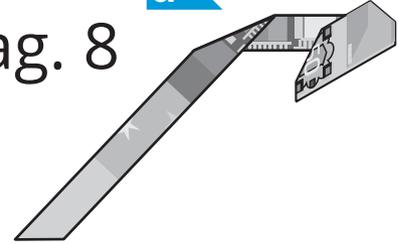

Pasquale.

dimmi due pronomi

chi? io?

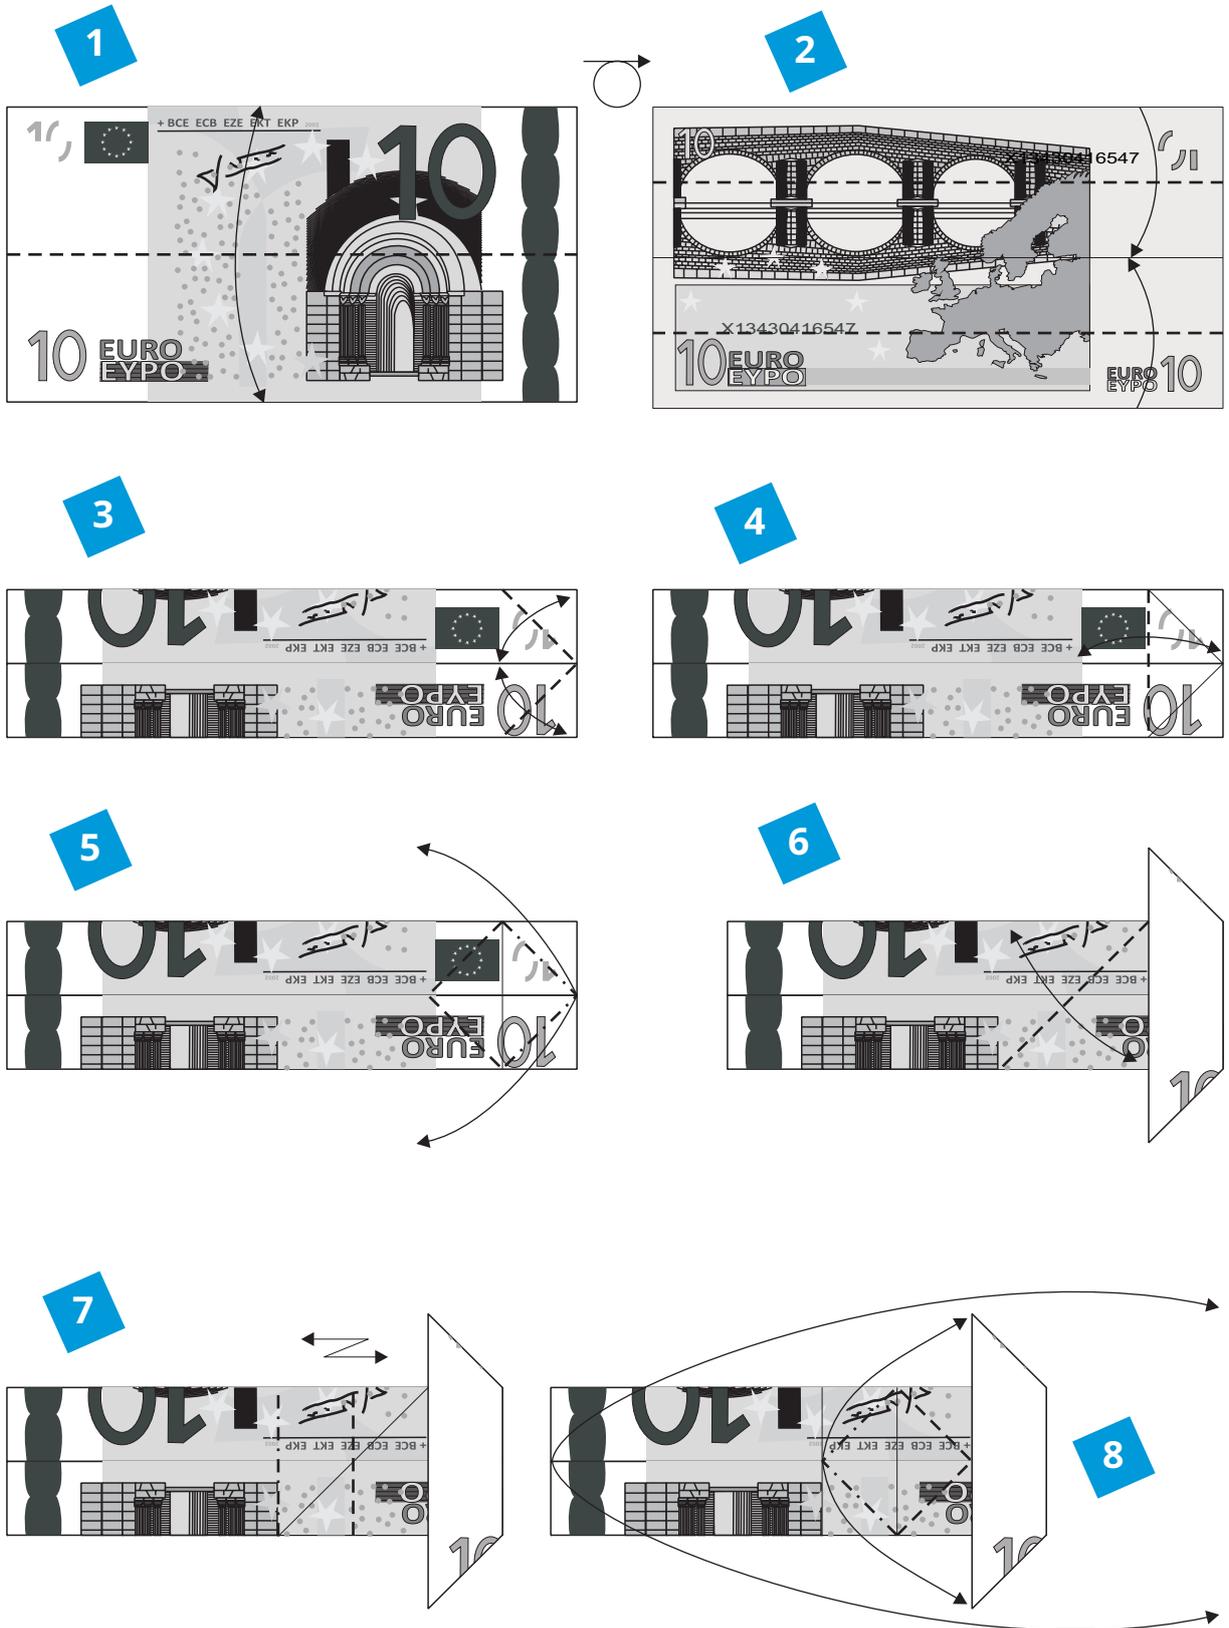

Montone da 10€

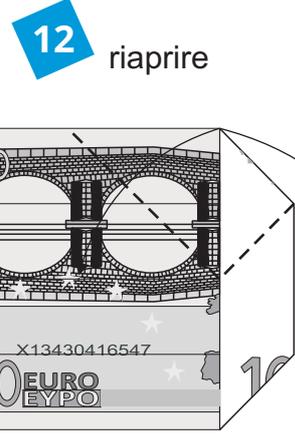

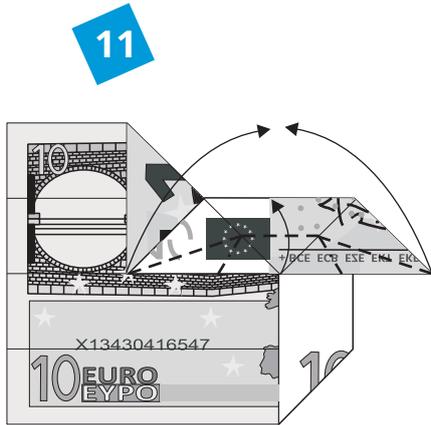

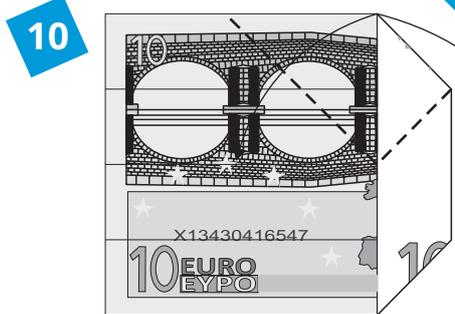

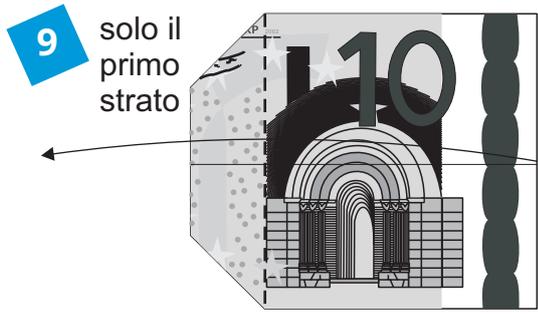

Usare una banconota da 10€.
Essendo l'ultimo evito la solita raccomandazione sulla posizione.
Modello inedito è il più difficile di questo libro, ma vederlo finito dà una bella soddisfazione.

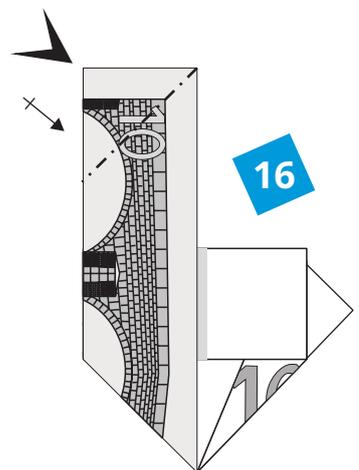

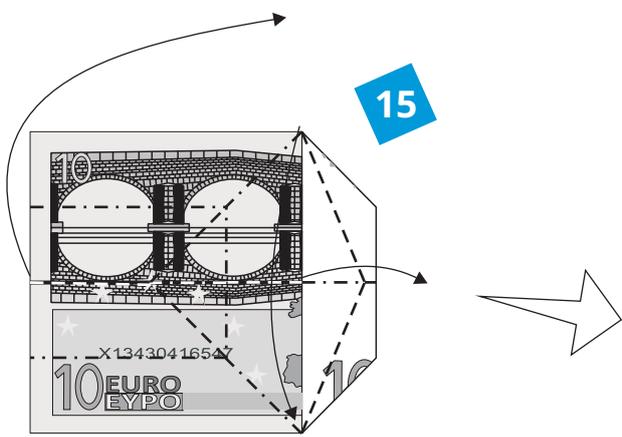

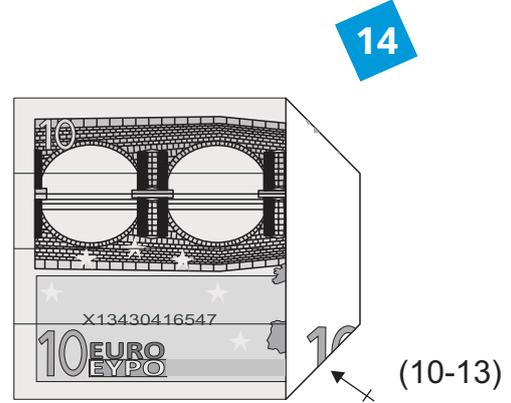

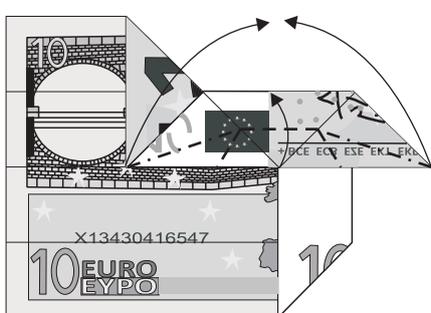

origamidauria.it

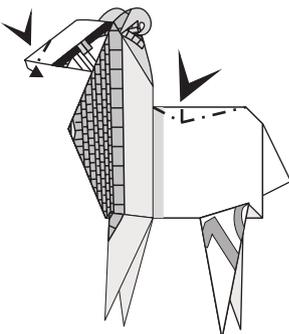

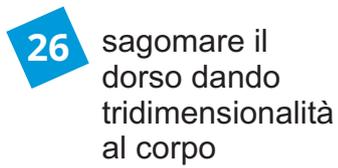

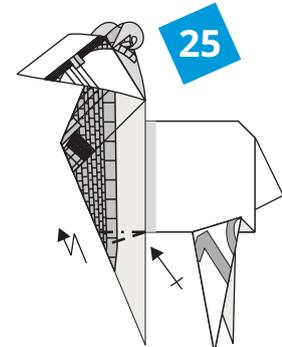

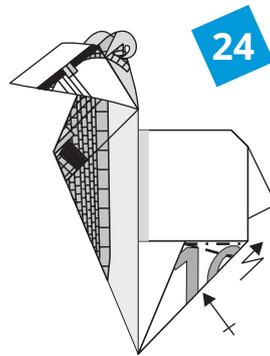

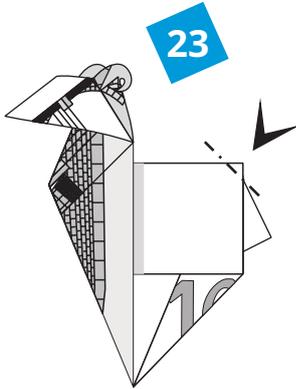

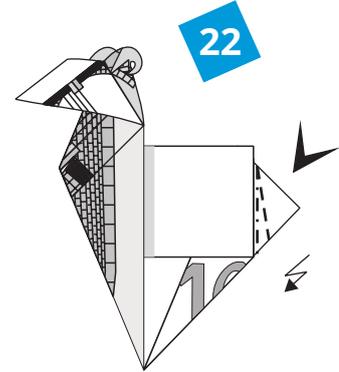

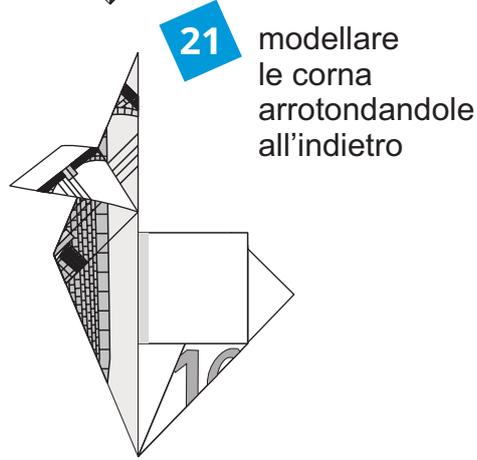

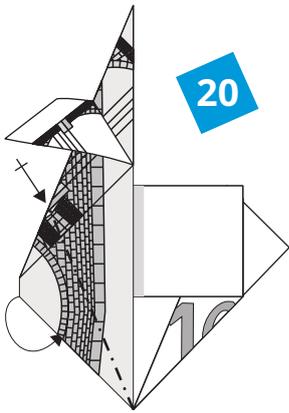

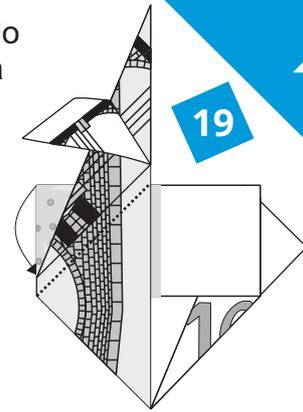

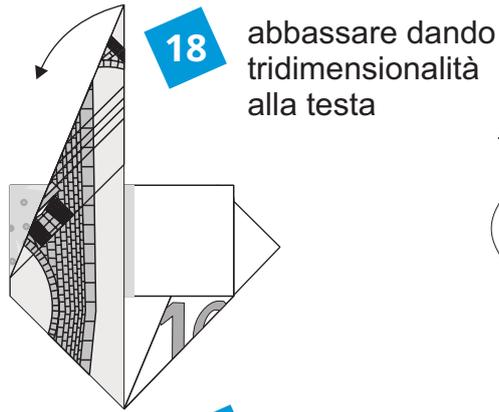

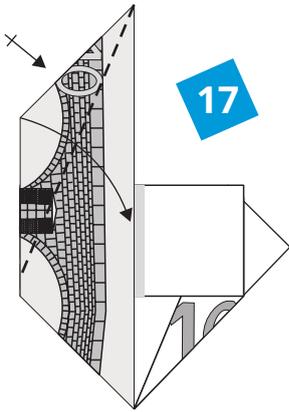

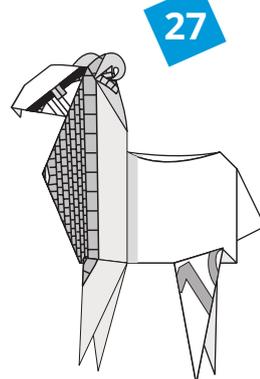

13 notare che le pieghe oblique che erano a valle ora sono a monte

origamidauria.it

quante pecore hai?

boh! non lo so, tutte le volte che provo a contarle mi addormento!

Fac simile banconote

Per chi non volesse usare carta moneta, qui ci sono i disegni, che ho creato io, per poter stampare fronte retro dei fac simile degli euro.

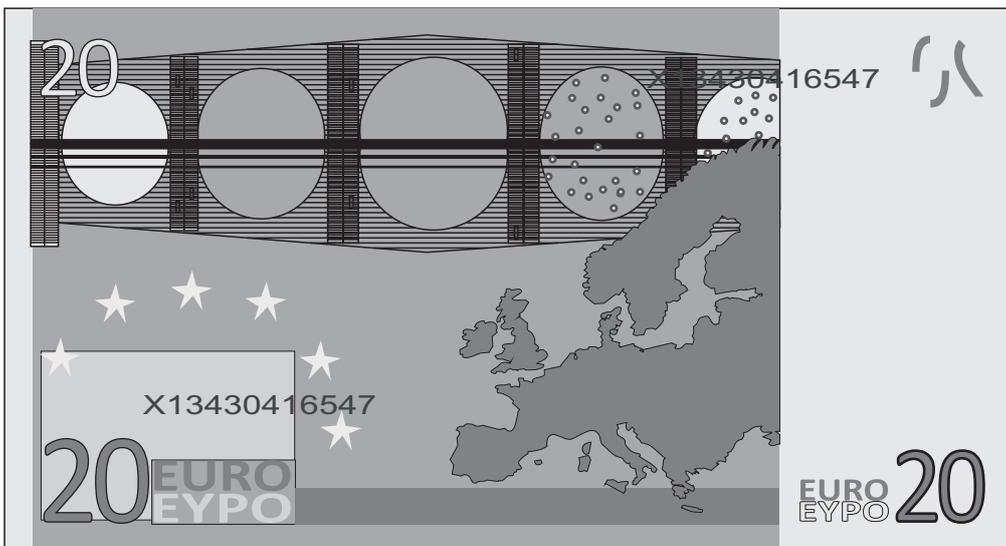

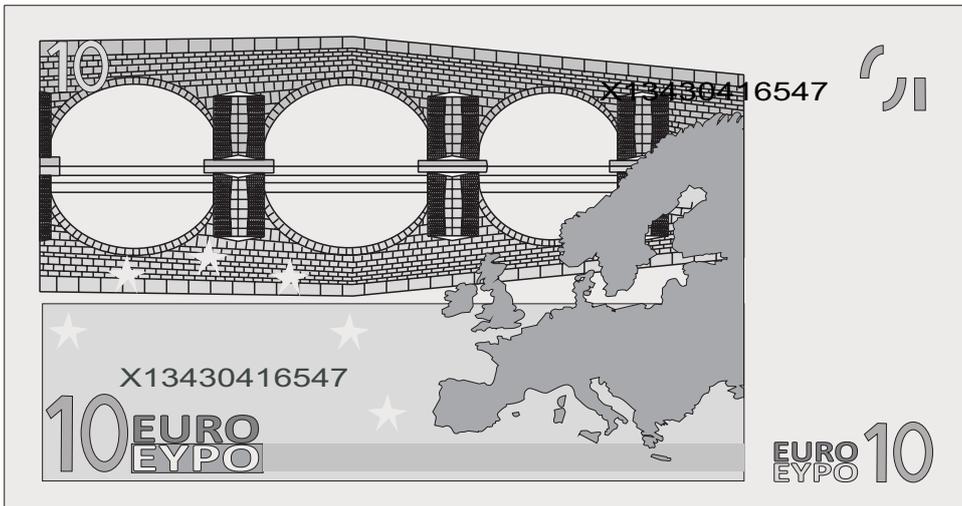

Inoltre queste sono le misure per crearsi i rettangoli con carta normale.

5€	120x62 mm
10€	127x67 mm
20€	133x72 mm
50€	140x77 mm
100€	147x82 mm
200€	153x82 mm
500€	160x82 mm.
